

# Home and Land Blessings

*Could you use more light and positive energy in your home?*

If you just moved to a new home, or if the home you live in doesn't feel quite right, a **home blessing** can effectively clear out the old energies that have remained from previous occupants or people on the land. Through a range of procedures involving essential oils, crystals, flowers, ritual and ceremony ~ the home is left clear and filled with light. The enhanced purified energy leads to happier family members and productive, compatible couples.

*Benefits may include:*

- ❖ *Couples getting along better*
- ❖ *Happier, more secure kids*
- ❖ *Deeper, restful sleep*
- ❖ *A sense of light and joy in all of the rooms*
- ❖ *More energy and passion*
- ❖ *Feeling more loving and happy at home*
- ❖ *Increased light and abundance*

**Noticeable effects the same day!**
